Dear Parents/Guardians,

I would like to open this week's KIT with a huge thank you to Kaye and David Lavery for opening their property to benefit the continued development of our college. Kaye and David have worked flat out on their property, preparing for the open garden weekend fundraiser. Their stunning garden was complimented with beautiful sunshine that attracted the local community. Parents Club organised the eventful weekend with assistance from college staff and students to ensure the weekend was an absolute delight. Face painting, instrumentals, backyard cricket, a scavenger hunt, and of course, the college's amazing coffee shop with an array of delicious treats were all enjoyed. So many came together on this weekend that showed a great passion in supporting our college. If you were not lucky enough to get to the Open Garden, do not despair, you can still support this event by purchasing raffle tickets for amazing prices. See within the KIT for further details. Thanks again to the Lavery's, our amazing Parents Club, staff and students.

This week, on top of the 'feel good' experience of being immersed in a beautiful garden, back within school grounds the Year 5/6 students engaged in a program; *Drama for Emotional Health*. This hands on and interactive workshop program was delivered by the experienced Alyson Evans, who uses drama as a vehicle to encourage thought, discussion and communication skills amongst students to educate and equip students with strategies if they may be experiencing low self esteem, challenging behaviours, or mental health issues.

This was one of a few sessions that provides a safe space for young people to explore their emotions and behaviour in a practical and engaging way using carefully designed games and role play. It is non-confronting and the laughs from our students evidenced the fun they had.

I was unable to attend the public viewing of the short film *My life, My Disability* that aired near two months ago. This film was produced through a program lead by the Towong shire initiative and outlines a story about inclusion. These words feel far too understated for the impact that this has had on me. My further need to view this film was driven by the conversation I have been hearing from some of our students that assisted in creating the film. *My Life, My Disability* brings our awareness to the 32.7% or 1930 of Towong Shire residents who experience disability. This film allowed our cherished residents with disabilities, or those caring for their loved ones with disabilities, to voice openly about their journey of hardships, seeking support, but moreover, it expressed their openness and passion to have others view into their world as a way to share knowledge and understanding. This film was such a message of strength and love. I recommend that everyone views it. It is easy to find on YouTube by searching *My Life, My Disability* and *Towong Shire*. I am so grateful for the sharing from our community in opening the doors to their personal world and allowing us a glimpse of what each day brings to them.

As a reminder to all parents and students of Year 9-12, if you have not already, please make an appointment to meet with Mrs Klippel to discuss subject selection and career pathways. Please contact the college if you have not received a letter from your child indicating the code to book through www.schoolinterviews.com.au as per usual parent teacher interviews.

We are coming to the last week for our Year 12 students (last day Tuesday 24th October), with this time we celebrate their achievements and endeavours. Students are reminded that, whilst this time is about celebration, we will not tolerate any havoc caused by students on school grounds before, during or after this time. Year 12 students and parents are reminded to be vigilant over these days as any students trespassing on school grounds, unless for teacher tutorials, or VCE Exams, will be putting themselves at risk of penalty or not being able to sit at Corryong College's Examination Centre. This time is taking very seriously and will not be taken lightly as we work hard to ensure the best environment for all students working through this important time in their life. All students are reminded to move through the examination area as quietly as possible or avoid the official examination area (Block A) as much as possible.

In celebrating our brilliant 2017 Year 12 students, their Graduation will be held Friday 24th at the Youth Club Hall. Ticket sales for this cease next week, with students permitted 7 tickets each (not including themselves). Please see Mrs Edwards for further queries.

Wishing you all a great week ahead.

Fran Heath
Acting Principal

Transition

Last week many of our current Year 10 and Year 11 students had interviews with our Careers Practitioner, Mrs Klippel. They spent time discussing their future and selecting their VCE/VCAL subjects to be studied in 2018. Mrs Edwards has now transferred these to a system whereby these will become part of the timetable.

Last week current Year 8 students attended a Year 9 information session run by Mr McKimmie whereby they received handbooks for 2018 subjects. This week current Year 9 students we given the handbook, along with an interview booking code. Please ensure that you and your child make a session with Mrs Klippel which will run next week on **(Monday 23rd and Tuesday 24th October 7.45am to 6pm)**

So jump online and support our students - there's also some great prizes on offer for every dollar you raise. Simply visit www.myprofilepage.com.au to start fundraising or collect a sponsorship booklet from the office. With only 3 weeks to go until our event, time is running out.
