Dear Parents/Guardians,

All in a week at Corryong College! It never ceases to amaze me how many fantastic things can constantly occur through all year groups, from Foundation -Year 12. These images demonstrate only a small snippet of the weekly activities through an average week.

The Junior Campus demonstrated their great passion for Book Week. Thanks to the local staff, students ventured to the town library to engage in stories and creating facemasks representing the books characters. Whilst back at school, staff, students and parents dressed in their favourite book characters. The Junior Campus held a special assembly where performances included singing, dancing and small skits. It was fantastic to see that much of the dialogue was also presented in key sign (a form of sign language). It is encouraged that our students apply these key signs in all contexts throughout the day.

Later in the day, we were delighted to be joined by the Khancoban and Corryong Kindergarten for combined play time and a good old yummy BBQ. Thanks to the Parents Club for slaving over the BBQ and doing the big clean up after. Thanks to all those who attended. It is always a great opportunity to have a chat with parents and the local schools communities.

Year 5/6 also celebrated Book Week in their art class by creating dioramas depicting their favourite novels. Many students spoke me through what they thought made a book enjoyable. The dioramas will be displayed at the end of year Art Show.

Last week you saw images of the VET Hospitality students and staff carrying out their trial for this weeks Asian Degustation. The community support has been brilliant with a full house! This made for an extremely busy night for our Faulty Towers Restaurant crew. We are so grateful for the extreme dedication they demonstrate for this program. There was nothing but great feedback from guests and a lot of tired faces for those who worked. Well done to all.

Back in the Junior Campus, students continue to demonstrate their dedication to minimising waste with food scraps bins and posters teaching everyone which waste goes in which coloured bin or tub. It is great to see this growing through the school. It would be brilliant to see all lunches and recesses be bought into school via re-usable packaging. Well done to all the students that are on board with this highly worthwhile, and much needed, initiative.

Many exciting things go on in all the classes each week. If you are a parent that would like to be part of the amazing learning activities that occur in the college, contact your students classroom teacher as I am sure they would be delighted to have you.

Thank you all for a great week!

 College Principal

A big thank you goes to Alice our crossing lady this week, who has transformed our front entrance garden. Alice came in on Wednesday with some plants and rocks from home to beautify the area.

All students were lucky enough to go down to the town library this week for Book week activities. We would like to thank Towong Shire Council for an interesting and fun day for all involved.

Faulty Towers

Faulty Towers Restaurant

Wednesday night was our first live dinner restaurant. Over 40 guests enjoyed the Asian Degustation menu, sampling several different Asian dishes such as dumplings and Bimimbap. Our girls work tirelessly in the kitchen and front of house and sometime it is easy to forget they are 15 and 16 years of age. We also had three Year 9 students on trial in the kitchen. VET Hospitality enables students to engage in team work in a hectic real life setting, and the photos show how they are able to communicate and work together. Corryong CFA was in attendance for their annual cultural immersion. They made a special presentation to Helen and Leonie presenting them with chocolates, flowers and kind words as this was the final restaurant Helen and Leonie will deliver to CFA. There are only two more restaurants, which are high in demand and both are booked out. We thank those who have attended a high tea, breakfast or toastie day as it enables our student to learn on the jobs skills and practice the theory that they learn.

Corryong College Year 10 Work Experience –

Year 10 undertook their first block of Work Experience during Term 2. This was a huge success with all students gaining useful insight into possible career options and all employers giving glowing reports on our students.

The second block of Work Experience will be held in Term 4 from the 3rd of December to the 7th of December 2018.

It is time for students to start planning for their next placement. What industry might I like to know more about? What areas interest me?

Preparing the paperwork for work experience is a long process so application forms will be sent home over the next couple of weeks. These need to be returned as soon as possible.

The CNC have generously offered a new enterprise in partnership with Corryong College Work Experience. The project will be conducted during the Corryong College Work Experience week. They are offering students, particularly those interested in the trade areas, an opportunity to work as a group, on a project in a workshop in Walwa. The group will be supervised by a qualified tradesperson and they will work on the project together. Transport will be available from Corryong to Walwa and back each day. Please read the attached flyer or see Nikki Nugent at Corryong College or Sara Jenkins at CNC to register your interest.

What are you doing for the December Work Experience week?

Learn a variety of practical skills in a workplace environment

How things work, why things are done a certain way, how things can be improved, how skills can be used across many fields, work as a team

All as part of an ongoing project.....

Upper Murray Rural Services is the CNC's 2nd Social Enterprise, created to increase the opportunities for youth apprenticeships and training in the community. The "Nuts & Bolts" project is part of this mission. As well as providing an engaging and educational week, you will get a glimpse of what is available for future work placement or school based apprenticeship including woodwork, metal work, mechanics, marine engine adaption, purchasing, interpreting plans, scheduling, workshop repairs & maintenance

Transport provided to and from Corryong to meet school buses

SUPPORT: PARENT, CARER AND EDUCATOR FORUM

The **SUPPORT: Parent, Carer and Educator Forum** is an opportunity for the broader school community to come together and learn from our team of expert presenters about the strengths and challenges of navigating the online world as a young person.

Our Head of Programs and lead presenters will share their in-depth knowledge of major social media platforms and the issue of (cyber)bullying, while also providing a range of hot tips and strategies that parents, guardians and carers can use to support young people online. This session also allows for an open Q&A at the end where we can answer all your burning questions.

The forum includes:

- The background behind PROJECT ROCKIT, Australia's youth driven movement against (cyber)bullying
- Some of our **key learnings** from working with over 300,000 students across the country in the past 12 years
- **Digital literacy** about what social media platforms are out there and how young people are using them
- **Credible tips and strategies** for how adults can best support their young person online
- **Additional resources** where they can learn more about different social media platforms
- **Q&A** at the end with our team members

We hope to see you at the Forum!

This forum is brought to you by Corryong College, headspace Albury Wodonga, Towong Shire, and Gateway Health's School Focused Youth Service.

When: Tuesday 4th September, 2018 6 pm to 7:30 pm, light refreshments provided
