Dear Parents/Guardians,

Laptop Leasing Program 2019

All 2019 Year 5, 7, 9 & 10 should have their laptop leasing program information sheets for next year. There are a couple of things that I would like to highlight for the corresponding parents and carers;

1. Technology is a crucial part of your child's education and ensures skill development for current education requirements and future employability.
2. You must purchase through the online shop <https://shop.corryong.vic.edu.au> and only through your child's 2019 year group. You will need their student number. Feeding schools must have their children enrolled.
2. 2019 Year 5 and Year 7 only have the option of the Dell 3190, whilst Year 9 & 10 have the option of the two devices; 3190 or the 3380. Devices purchased outside of this program can not have the education suite put on them therefore a 'bring your own device' is not possible. These computers are equipped with specifications needed to run the department education suite.
3. Payments can be made either in one lump sum or quarterly payments of which the total of the device must be paid within the first 12 months via credit or visa debit card through the online shop website listed above.
4. After the leasing period is over (3 or 4 years depending on year level—listed in information) the laptop will returned to the factory settings. In the past a small financial fee has been exchanged for the laptop. If your child leaves earlier than the duration of the lease agreement, this can be discussed with the principal on a case-by-case basis.
5. You must enter all details by the 7th December. Please see information sheets for all further details.
6. If there are any concerns, please contact the College Principal.

16 Days of Activism—Awareness Against Family Violence

Congratulations to the Corryong Community as they marched through the main street of Corryong to mark the 16 Days of Activism. The march combined the Corryong community; local organisations, services and schools, marching together to support a stand against family violence. This supported the work that has been carried out in our college through our Positive Climate 2018 Action Plan. Through this we have had many events, talks and activities that have supported awareness around Respectful Relationships; a Victorian initiative ensuring education and awareness around what it is to be respectful and what should not be occurring. Great discussions have been had and will continue into the future. Thank you to all that organised this great event. Each year this will continue to build ensuring that family violence is never accepted.

F - 6 Swimming Program

The F - 6 swimming program has commenced this week. It is a great opportunity to support our children in their swimming ability and encompasses water survival skills, endurance, as well as stroke and specific swimming technique. I can not stress enough the importance of teaching your children to be strong, safe swimmers. Please spare time to help your child be a strong swimmer by allowing as much supervised practice as possible. I have loved this week with Year 5/6 and looking forward to the swim program continuing next week; Tuesday and Thursday.

Wishing you all a great weekend and best of luck to our Year 10s as they trial their choice of work place at next week's work experience.

Fran Heath - College Principal
